GROHE

Product Description:
VELETTO

Standard Specification:

GROHE SilkMove cartridges provide smooth handling and precise control of the water flow and temperature.

The cartridges contain specially coated ceramic disks with Teflon technology to ensure a lifetime of maintenance-free performance.

GROHE StarLight Finishes are 10x more scratch-resistant than conventional PVD finishes and 3x harder.

GROHE StarLight finishes are easy to maintain, come in a range of matte and polished choices, and are made to last.

High spout design makes everyday bath tasks easier

GROHE Ecojoy 1.2 GPM flow rate conserves water without sacrificing performance

Limited lifetime warranty
