

MODEL #. ET336-F01

Water Tank Material: HDPE one-piece molding, durable for 50 years

Fixing Angle Valve: All-copper angle valve/PPR heat fusion

High-Efficiency Flushing: Flow rate 2.2-2.4 L/s

Insulation and Noise Reduction: EPS insulation material

Noise Level: ≤55 dB

Frame Specification: 40*40mm / Weight Capacity: 400 kg

Energy Consumption: 3/8 L

Adjustment Range: Height adjustable 0-200mm

Service Life: Functional parts ≥200,000 flushes

Telescopic Leg Height: 300mm
