PURE ONE

PURE ONE Tankless Pressure-Assist One-Piece Toilet

The PURE ONE redefines modern bathroom performance with a sleek tankless one-piece design combined with powerful Kirin pressure-assist flushing technology. Engineered for efficiency, durability, and minimalist aesthetics, this toilet delivers powerful flushing performance without requiring electricity, making it an ideal solution for both residential and commercial spaces.

Its fully skirted profile, ADA-compliant universal height, and ultra-efficient water consumption provide the perfect balance between modern design, comfort, and sustainability.

Key Features:

No Electricity Required

- Reliable mechanical flushing system eliminates electrical components while maintaining powerful performance.

Tankless Modern Design

- Minimalist one-piece construction with concealed trapway creates a sleek and contemporary bathroom aesthetic.

Kirin Pressure-Assist Flushing System

- Advanced pressure-assist technology delivers strong, consistent flushing with minimal water usage.

Ultra-Efficient Water Consumption

- Uses only 3.8 LPF (1.0 GPF) for exceptional water savings without sacrificing performance.

Universal Height Comfort

- ADA compliant height provides enhanced accessibility and comfort.
